Many data processing operations are only possible with your express consent. You may revoke your consent at any time with future effect. An informal email making this request is sufficient. The data processed before we receive your request may still be legally processed.

Right to file complaints with regulatory authorities

If there has been a breach of data protection legislation, the person affected may file a complaint with the competent regulatory authorities. The competent regulatory authority for matters related to data protection legislation is the data protection officer of the German state in which our company is headquartered. SSL or TLS encryption

This site uses SSL or TLS encryption for security reasons and for the protection of the transmission of confidential content, such as the inquiries you send to us as the site operator. You can recognize an encrypted connection in your browser's address line when it changes from "http://" to "https://" and the lock icon is displayed in your browser's address bar.

If SSL or TLS encryption is activated, the data you transfer to us cannot be read by third parties.

Encrypted payments on this website

If you enter into a contract which requires you to send us your payment information (e.g. account number for direct debits), we will require this data to process your payment.

Payment transactions using common means of payment (Visa/MasterCard, direct debit) are only made via encrypted SSL or TLS connections. You can recognize an encrypted connection in your browser's address line when it changes from "http://" to "https://" and the lock icon in your browser line is visible.

In the case of encrypted communication, any payment details you submit to us cannot be read by third parties.
